

PA AHEC SCHOLARS PROGRAM

Are you a student currently enrolled in a health professional degree program in Pennsylvania?

The Pennsylvania AHEC Scholars Program is an engaging free, two-year, self-paced, online certificate program designed to increase understanding of health care for vulnerable populations in rural and underserved areas.

Select from one of our project-based tracks:

- Food Insecurity
- Health in Schools
- Refugee, Immigrant and Migrant Health
- Vulnerable Populations

KEY BENEFITS

Collaborate with students from other disciplines including medical, dental, nursing, pharmacy, physician assistant, nurse practitioner, occupational therapy, physical therapy, radiology, respiratory therapy, public health, social work and other allied health students

Deepen your learning through content that supplements your degree program in topics such as health equity, professional identity, rural health, vulnerable populations, practice transformation and more!

Network with Pennsylvania leaders caring for and researching vulnerable, rural, and underserved populations, including racial/ethnic minorities, migrant workers, refugees, homeless, Amish, low-income, LGBTQIA+, incarcerated, and individuals facing mental health and substance use disorders.

BECOME PART OF A NATIONALLY RECOGNIZED NETWORK OF AHEC SCHOLARS
